The Japan Center for International Exchange (JCIE USA) is looking for an enthusiastic university student or a recent graduate to join our team as a part-time intern to support our programs and operations.

JCIE USA is a nonpartisan, US-based 501(c)(3) nonprofit organization founded in 1975. Our mission is to deepen understanding of Japan within the US policy community and to facilitate US-Japan collaboration in areas of mutual interest and need. To this end, we organize exchange programs and policy dialogues between the two countries (https://www.jcie.org/about-jcie-usa/). We are headquartered in New York City and our executive director is based in Washington DC. JCIE USA collaborates closely with our partner organization in Tokyo, JCIE Japan, a leading Japanese foreign affairs institute and a pioneer of US-Japan legislative exchanges in the 1970s.

Our exchange programs are designed to improve understanding among key members of the US policy community on the importance of US-Japan relations to our national security and prosperity and to strengthen their ties to Japan. Our **US Congressional Staff Exchange program**, which has been running since 1982, is one leading example. Our policy dialogues focus on addressing how the United States and Japan can collaborate on common challenges. Reflecting our countries' shared interests and values, these programs not only address traditional security and trade issues, but also such critical mutual concerns as global health, democratic resilience, aging society, and gender equity. Our ongoing programs in this category include **Global Health and Human Security**, **Democracy for the Future**, **Healthy and Resilient Aging**, the **US-Japan Women Leaders Dialogue**, and a new research project on immigration issues.

The internship may begin in early January and continue through May 2025, with an option for an extension if desired by the intern and needed by the employer.
